Weekly Picks From the Band

Book of the Week

[Last Exit to Brooklyn](#) is a 1964 novel by American author Hubert Selby, Jr. The novel has become a cult classic because of its harsh, uncompromising look at lower class Brooklyn in the 1950s and for its brusque, everyman style of prose. Although praised its release, the book caused much controversy due to its frank portrayals of taboo subjects, such as drug use, street violence, gang rape, homosexuality, transvestism and domestic violence. It was the subject of an important obscenity trial in the United Kingdom and was banned in Italy.

Movie of the Week

[Network](#), written by Paddy Chayefsky and directed by Sidney Lumet, is a 1976 American satirical film released about a fictional television network and its struggle with poor ratings. Network has continued to receive recognition, decades after its initial release. In 2000, the film was selected for preservation in the United States National Film Registry by the Library of Congress as being "culturally, historically, or aesthetically significant".

Album of the Week

[Iggy and The Stooges - Raw Power](#)
The third album by American rock band The Stooges, released in 1973. Raw Power was largely ignored upon its release, and the group broke up in obscurity a few years later. However, it was embraced by a small, rabid fan-base that included many younger musicians who would go on to help create the punk rock genre in the mid- to late-1970s and experience commercial success, making Raw Power one of the most important proto-punk documents of its era.
